Explanatory Note

In 1983, the Peppara Dam Constructed across the River Karamana to augment water supply to Trivandrum city was commissioned. Unless the catchment area of the dam is very well protected the dam may silt up, the water table may go down, and the climatical pattern may change thereby affecting the life of the project. Besides, there are many kinds of flora and fauna in the area needing conservation. Considering all the above, the Government deem it absolutely necessary to declare the said area as a Wildlife Sanctuary under Section 18 (1) of the Wildlife (Protection) Act 1972. This notification is intended to achieve the above object.
